EYEWEAR DESIGNED FOR  
RIDERS, BY RIDERS

## S-PHYRE X S-PHYRE X IS THE CHOICE FOR THE MOST DEMANDING ROAD/ OFF-ROAD COMPETITIONS WHERE PERFORMANCE IS AS IMPORTANT AS COMFORT.

### FRAME

- Rigid half-rim frame design is sturdy and lightweight.
- Easily detachable lower rim for rider customization and protection.
- Radiused temples with non-slip pattern for secure fit and comfort.
- Reversible nose pad features different front and back thicknesses for fit adjustment.
- Strong, durable, and lightweight Grilamid TR90 frame.
- Soft non-toxic TPE temple tips provide a secure and comfortable fit for a wide range of face sizes.

### LENSES

- Full-coverage, one-piece lens for wide field of vision and protection.
- Cycling dedicated RIDESCAPE lens optimally tuned for greater contrast and clarity in every riding scene.
- Dark tint photochromic lens adjusts from 13%-62% transmission for changes in light conditions.
- Extremely lightweight and impact resistant Polyamide (PA) lens boosts clarity.
- Full UV 400 protection.
- Super-hydrophobic coating increases water repellency, keeps the lens cleaner.
- Anti-scratch treatment is 3x more durable than regular coatings.
- Interchangeable lenses.

### PACKAGE

- Sturdy travel case included.
- Protective eyewear pouch can be used for lens cleaning.
- XL nose pad included.
- Additional lower rims in four colors (RIDESCAPE package).

### REFERENCE WT.

- RS: 26.3 g
- PH: 28.6 g

# AEROLITE P

AEROLITE P WIDENS THE WORLD WITH A RIMLESS PANORAMIC VIEW LENS FEATURING EXCEPTIONAL CLARITY AND SMOOTH AERO PROFILE.

## FRAME

- Rimless frame creates an ultra-smooth aerodynamic surface.
- Ultrasonic welding of frame to lens slashes weight to 23.4 g.
- Radiused temples with non-slip pattern for secure fit and comfort.
- Reversible nose pad features different front and back thicknesses for fit adjustment.
- Strong, durable, and lightweight Grilamid TR90 frame.
- Dual injection molded, non-toxic TPE temple tips.

## LENSES

- Panoramic view 7-curve one-piece lens hugs the face's contours to maximize eye protection at high speeds.
- Ultrasonic welding between frame and lens reduces distortion.
- Cycling dedicated RIDESCAPE lens optimally tuned for greater contrast and clarity in every riding scene.
- Colored lens edge.
- Full UV 400 protection.
- Hydrophobic coating increases water-repellency, keeps lenses cleaner.
- Special anti-scratch treatment.
- Extremely lightweight and impact resistant Polyamide (PA) lens boosts clarity.

## PACKAGE

- Travel box.
- Eyewear pouch can be used for lens cleaning.
- XL nose pad included.

## REFERENCE WT.

- 23.4 g

# EQUINOX

EQUINOX COMBINES THE LATEST TECHNOLOGIES AND STYLES INTO AMAZINGLY VERSATILE EYEWEAR.

## FRAME

- Stiff half-rim frame keeps lens in right place.
- Radiused temples with non-slip pattern for secure fit and comfort.
- Reversible nose pad features different front and back thicknesses for fit adjustment.
- Strong, durable, and lightweight Grilamid TR90 frame.
- Dual injection molded, non-toxic TPE temple tips.

## LENSES

- Full-coverage, one-piece lens for wide field of vision and protection.
- Cycling dedicated RIDESCAPE lens optimally tuned for greater contrast and clarity in every riding scene.
- Optional Gray Photochromic lens with wider light transmittance range is optimal for changing light conditions.
- Full UV 400 protection.
- Hydrophobic coating increases water-repellency, keeps lenses cleaner.
- Special anti-scratch treatment.
- Interchangeable lens.
- Extremely lightweight and impact resistant Polyamide (PA) lens boosts clarity.

## PACKAGE

- Travel box.
- Eyewear pouch can be used for lens cleaning.

# SPARK

PANORAMIC ONE-PIECE LENS OFFERS GREAT PROTECTION.  
GREAT ALL-ROUND CYCLING PERFORMANCE.

## FRAME

- Single lens design was co-developed with UCI World Team.
- Fast, lightweight, and with added wide-view vision.
- Reversible nose pad with different thicknesses from front to back for fitting adjustment.
- CNC molding for ultimate precision, symmetry, and quality.
- Dual injection molded, non-toxic TPE, non-slip temple tips.

## LENSES

- Single-lens design for a wide angle of vision and protection.
- Cycling dedicated RIDESCAPE lens optimally tuned for greater contrast and clarity in every riding scene.
- Full UV400 protection.
- Hydrophobic coating increases water-repellency, keeps lenses cleaner.
- Special anti-scratch treatment.
- Interchangeable lens.
- Extremely lightweight and impact resistant Polyamide (PA) lens boosts clarity.

## PACKAGE

- Travel box.
- Eyewear pouch can be used for lens cleaning.
- XL nose pad included.

# AEROLITE

FRAMELESS DESIGN CO-DEVELOPED WITH UCI WORLD TEAM  
IS THE CHOICE FOR SPEED LOVERS.

## FRAME

- Minimalist frame design focuses on lightweight, optimal fit, and wide view.
- Fitting can be adjusted with a reversible nose pad, which has a different thickness in the front and back sections.
- Lightweight, strong, and durable Grilamid TR-90 material.
- CNC molding for ultimate precision, symmetry, and quality.
- Comfortable, adjustable temples.
- Dual-injection molded, non-toxic TPE temple tips.

## LENSES

- Single-lens design for a wide angle of vision and protection.
- RIDESCAPE HC high contrast lenses block harsh glares to boost definition and details for enjoyable daily riding.
- Full UV400 protection.
- Hydrophobic coating increases water-repellency, keeps lenses cleaner.
- Special anti-scratch treatment.
- Interchangeable lens.
- Extremely lightweight and impact resistant Polyamide (PA) lens boosts clarity.

## PACKAGE

- Eyewear pouch can be used for lens cleaning.
- XL nose pad included.

# RX-CLIP

The RX-optimal clip transforms the standard EQNX3 into a prescription-ready sport frame. The clip attaches close to the lens for an optimized fit.

## FRAME

- Lightweight, strong, bendable and durable steel wire-frame.
- Easy to fit on the metal nosepiece.
- Compatible with EQNX3.

## PACKAGE

- Eyewear pouch, also to be used for lens-cleaning.
- Dummy-lenses included.
